**4. Approve Proposal from Arcadis to Engage Funding Services for EPA Community Change Grant**

Discussion  Possible Action  [Comment](#) [View Item](#)

IVCSD in collaboration with IVRPD, the Dixie Fire Collaborative, Plumas County, and other partners, has been notified of a funding opportunity that could provide up to \$20,000,000 to design/construct a civic/recreation center in Greenville. IVCSD informally interviewed two grant writing firms who each have experience with this particular program (EPA Community Change grant). This item would approve spending up to \$38,000 for the grant writing (funding) services. It's anticipated that at least half the cost of these services will be covered by contributions from partner organizations, meaning the net cost to IVCSD is anticipated to not exceed \$19,000. The grant application is due in November.

**5. Authorize the General Manager to Engage NST Engineering and Surveying for Map Creation and Legal Description Services for the Proposed Annexation of Indian Valley Recreation and Parks District and the Taylorsville Cemetery District**

Discussion  Possible Action  [Comment](#)

The Plumas County Local Agency Formation Commission ("LAFCo") requires that all applications for annexation include maps and legal descriptions of the proposed new district boundaries. While staff is preparing the resolutions necessary to initiate the annexations of IVRPD and TCD, it would be prudent to begin the process of map-making. This item would authorize the General Manager to engage NST Engineering and Surveying for these services for an amount not to exceed \$20,000.

**6. Adjournment**
