

Indian Valley Community Services District

Providing services for our community health, well-being, and prosperity

Regular Board Meeting – May 20, 2026

The Indian Valley Community Services District (IVCSD) Board of Directors met on May 20, 2026, to receive project updates, consider infrastructure and policy matters, and conduct regular District business. Three Board members were present, with two directors absent.

Disaster Recovery and Infrastructure Updates

The Board received an update from Disaster Recovery Experts (DRE) regarding ongoing FEMA and Cal OES recovery projects. Efforts continue on several major initiatives, including the Public Safety Center, Raw Water Line project, Fire House recovery efforts, and closeout of previously funded disaster recovery projects. DRE reported ongoing coordination with engineering consultants and state agencies to advance reimbursement and funding opportunities.

District staff also provided updates on infrastructure operations, including:

- Water system repairs at several locations throughout the District.
- Completion of quarterly wastewater reporting requirements.
- Pool and park maintenance in preparation for the summer season.
- Completion of hydrant flow testing in Greenville and Crescent Mills.
- Vegetation management work at Bidwell Dam.
- Investigation of significant irrigation system issues affecting the Highway 89 streetscape corridor.

Fire Department Activity

The Fire Chief reported that Indian Valley Fire/Rescue responded to 19 incidents since the previous Board meeting, including fire calls, medical emergencies, lift assists, and traffic collisions. The department continues work on personnel training, equipment upgrades, station maintenance, and planning for the future Public Safety Center. Preparations are also underway for the upcoming fire season.

Board of Directors

Wanda Carpenter | Joshua Dunnington | Roger Cherry | Andy Meyers | Dan Kearns

General Manager, Jamie Little

Greenville Park Use Agreement

The Board reviewed the proposed Greenville Park Facility Use Agreement with the Indian Valley Recreation and Parks District. After discussion, the Board provided direction to the General Manager for revisions and additional edits before further consideration.

Wastewater System Maintenance Approved

The Board approved a request for services from Westwood Sanitation to remove accumulated solids from Taylorsville septic tanks and District lift stations. The maintenance work is intended to support continued reliable wastewater system operations.

Dixie Fire Rebuild Assistance Ordinance Advances

The Board conducted the first reading of proposed Ordinance No. 7.05.051, the Dixie Fire Rebuild Assistance Ordinance. The proposed ordinance would:

- Establish a maximum utility connection fee of \$2,000 for qualifying Dixie Fire-impacted properties.
- Allow eligible customers to remain on inactive utility rates while rebuilding.
- Create eligibility and verification requirements for participation in the program.

Following discussion and revisions, the Board approved the first reading and directed the ordinance to return for a second reading and further consideration at a future meeting.

Banking and Financial Administration

The Board approved resolutions updating authorized signers and account access for District financial accounts to reflect recent staffing changes and remove former personnel from banking records.

The Board also received information regarding potential banking services and institutional banking options but took no action regarding a transition to a different banking institution at this meeting.

Office Improvements

The Board approved the purchase of standing desk converters for District office staff to improve workplace ergonomics and employee wellness.

Closed Session

The Board met in closed session to discuss a liability claim involving the District. Upon returning to open session, the Board reported that it approved retaining legal counsel to represent the District in the matter.

Looking Ahead

The District continues work on wildfire recovery projects, water and wastewater infrastructure improvements, Public Safety Center planning, utility system modernization, and community rebuilding initiatives. Additional discussion on the proposed Dixie Fire Rebuild Assistance Ordinance is expected at a future Board meeting.
