COMMUNITY UPDATE

The Indian Valley Community Services District (IVCSD) is working to improve communication, transparency, and access to information for residents. Website improvements and new staff support will help ensure the community stays informed about District services, meetings, and decisions. We've implemented additional website changes for quick access and easier navigation. Our active updates are on one page: <https://www.indianvalleycsd.com/news>.

Communications on their way...

Safety Center, Infrastructure, and Parks

What has the District been up to over the past year? Quite a lot! In the coming weeks, we will be sharing a series of articles highlighting key updates and progress across the community. Topics will include developments at the Safety Center in Greenville, the challenges and rebuilding efforts surrounding critical infrastructure,
